ADVANCE NOTICE OF INTENT TO FILE EMERGENCY REGULATIONS

This notice is sent in accordance with Government Code Section 11346.1(a)(2), which requires that State of California agencies give a five working day advance notice of intent to file emergency regulations with the Office of Administrative Law (OAL). The California Health Benefit Exchange ("Exchange") intends to file an Emergency Rulemaking package with the Office of Administrative Law (OAL) that establishes the Navigator program and changes previously adopted enrollment assistance program regulations. As required by subdivisions (a)(2) and (b)(2) of Government Code Section 11346.1, this notice appends the following: (1) the specific language of the proposed regulation and (2) the Finding of Emergency, including specific facts demonstrating the need for immediate action, the authority and reference citations, the informative digest and policy statement overview, attached reports, and required determinations.

The Exchange plans to file the Emergency Rulemaking package with OAL at least five working days from the date of this notice. If you would like to make comments on the Finding of Emergency or the proposed regulations (also enclosed), they must be received by both the Exchange and the Office of Administrative Law within five calendar days of the Exchange's filing at OAL. Responding to these comments is strictly at the Exchange's discretion.

Comments should be sent simultaneously to:

California Health Benefit Exchange
Attn: Michael Schaps
560 J St, Suite 290
Sacramento, CA 95814

Office of Administrative Law
300 Capitol Mall, Suite 1250
Sacramento, CA 95814

Upon filing, OAL will have ten (10) calendar days within which to review and make a decision on the proposed emergency rule. If approved, OAL will file the regulations with the Secretary of State, and the emergency regulations will become effective for ninety (90) days. Please note that this advance notice and comment period is not intended to replace the public's ability to comment once the emergency regulations are approved.

You may also view the proposed regulatory language and Finding of Emergency on the Exchange's website at the following address:

If you have any questions concerning this Advance Notice, please contact Michael Schaps at (916) 228-8331.

FINDING OF EMERGENCY

The Director of the California Health Benefit Exchange finds an emergency exists and that this proposed emergency regulation is necessary to address a situation that calls for immediate action to avoid serious harm to the public peace, health, safety, or general welfare.

DEEMED EMERGENCY

The Exchange may “Adopt rules and regulations, as necessary. Until January 1, 2016, any necessary rules and regulations may be adopted as emergency regulations in accordance with the Administrative Procedures Act. The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare” (Gov. Code § 100504(a)(6)).

The Exchange has begun the process of making this rulemaking permanent and has proceeded with diligence to comply with the requirements in Government Code § 11346.1(e), and it has made substantial progress in that regard. For example, the Exchange has begun drafting an Initial Statement of Reasons and Notice of Proposed Action and has begun preparing a full economic and fiscal impact statement. That said, the Exchange is in the process of reevaluating and refining the Enrollment Assistance program based upon information gathered during the Exchange’s first open enrollment period. This reevaluation is itself part of the process of making permanent Enrollment Assistance regulations, and it is ongoing.

Navigator Request for Application (Revd. December, 2013)

Summary of Existing Laws

Under the federal Patient Protection and Affordable Care Act (PPACA), each state is required, by January 1, 2014, to establish an American Health Benefit Exchange that makes available qualified health plans to qualified individuals and small employers. Existing state law, the California Patient Protection and Affordable Care Act, established the California Health Benefit Exchange within state government. (Gov. Code § 100500 et seq.) The Exchange is required to establish the Navigator program in accordance with subdivision (i) of Section 1311 of the PPACA. Any entity chosen by the Exchange

as a Navigator must conduct public education activities, distribute information about Exchange enrollment and financial assistance, facilitate enrollment, provide referrals to any health insurance consumer assistance offices and provide information in a culturally and linguistically appropriate manner. (Gov. Code § 100502(l)). The Exchange is also required to set performance standards and compensation for Navigators (Gov. Code § 100503(l)).

The proposed regulations will establish the Exchange's eligibility requirements for the Navigator program, include by reference the Request for Application for the Navigator program and add references to the Navigator program throughout the Enrollment Assistance regulations. The proposed regulations will provide the public with clear standards for applying to be in the Navigator program and a clear understanding of the roles and responsibilities of Navigators. In addition, there are changes to the enrollment assistance regulations, including allowing for a more streamlined application process.

After an evaluation of current regulations, the Exchange has determined that these proposed regulations are not inconsistent or incompatible with any existing regulations.

MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS
