• In August Shop and Compare tool, with new 2015 rates, is available.
• In September Covered California TV and radio ads will start.
TWO DIFFERENT JOURNEYS

- Covered California will have two audiences this year:

2. Those who need health insurance and will be enrolling for the first time
• Starting in October:
  
  - Covered California members will be receiving a series of letters specific to renewing their health insurance coverage
  
  - Members who take no action will be automatically renewed into the same health plan and metal tier for calendar year 2015
  
  - Members who take no action within 30 days of receipt of the Covered California renewal letter will have their eligibility and premium assistance amount recalculated
  
  - December 15 is the last day to select a health plan for coverage starting January 1, 2015
To better help you assist members renewing their coverage as well as assist consumers who need health insurance:

- Will notify and share copies of the letters members will be receiving with our certified partners
  - The first communication about setting up a Covered California account was shared July 28

- Job Aids that describe changes to the Covered California application will be shared with our certified partners
MARKETING & OUTREACH

Colleen Stevens, Chief of Marketing
2015 MARKETING PLAN – RENEWAL & OPEN ENROLLEMENT

MARKETING OBJECTIVE

Increase the number of insured Californians by:

1. Supporting renewal and retention of existing members
2. Promoting enrollment among the uninsured
3. Continuing to build brand awareness and positioning Covered California as the trusted health insurance comparison resource for Californians seeking health coverage
4. Helping Californians understand the value of health insurance and being covered
5. Coordinating efforts with the ground campaign to support all service channels (Navigators, Grantees, CECs, Agents)
TARGET AUDIENCE

1. Existing Covered California members

2. Uninsured Californians
   • CA residents
   • Age 18 – 64
   • Subsidy and non-subsidy eligible
   • Household income up to $100k
   • These segments are price sensitive, and cost of healthcare is one of major factors in acquiring and using health insurance

RENEWAL & RETENTION

Approach:
• Employ direct response tactics (direct mail and/or email) to deliver key renewal and retention messages to members
• Segment membership and tailor messaging to maximize relevance and action
• All messages in English and Spanish
• Reinforce the value of health insurance and benefits of being covered by leveraging the upcoming mass media campaign to support direct response tactics aimed to retain and renew

Segments:
• All members: coordinated effort between CalHEERS, carriers and marketing to communicate key renewal information to members, with marketing supporting and augmenting CalHEERS notices.
• Special circumstances: additional outreach to the following member segments
  o No consent to access federal hub
  o Aging out of catastrophic plan
  o Plan exits service area
  o Eligible but not enrolled in Enhanced Silver
  o Rate increase of 10% or more
  o Facing possible reconciliation
1. Integrated campaign with local ground efforts (Grantees, CECs, Agents, Navigators) complimented by full spectrum of advertising, social and earned media

2. Multicultural-forward plan – maximize efforts against multicultural segments while maintaining effectiveness against all targets

3. Build momentum prior to Open Enrollment to (a) build brand awareness, and (b) communicate the value of Covered California and health coverage

4. Tailor media tactics and creative elements by segment to effectively reach each population

5. Promote self-enrollment and use of local agents, grantees and navigators
MESSAGING
The strategic duo...

Continue to leverage the two established messaging platforms: “Welcome to Answers” and “I’M IN / Tengo un Plan de Salud”

- **Motivate** consumer by driving the value benefits/core position of the Covered CA brand and also encourages people to get coverage

- **Educate** consumers and provide in depth information about Covered CA/ACA and what it means to Californians, encouraging the uninsured to enroll

- **Enroll** - Use a mix of brand and direct response mechanisms to drive enrollment leveraging the “I’M IN” and “Welcome to Answers” campaigns

“Welcome to Answers”

“Welcome to Answers”

Strategic mix
KEY MESSAGING
OVERCOMING ENROLLMENT BARRIERS

Covered California is the only place that offers financial assistance and an objective and reliable way to comparison shop for quality health care plans.

**Affordability** - Covered California helps make quality health care more affordable by offering financial assistance for those who qualify.

**Accessibility** - Covered California gives Californians the power to access and choose the health care plan that fits their needs.

**Security/Peace of Mind** - Acquiring health insurance from Covered California protects Californians from the what-ifs of life.

**How to enroll** - Promote self-enrollment and the availability of local, in-person enrollment assistance that is free and confidential.
MEDIA CONSUMPTION BY SEGMENT

- With the exception of Asians, all segments spend considerably more time with TV than any other medium.
- Lower miles driven among Hispanics and African Americans probably due to higher use of public transportation.

ADVISORY GROUPS RE-STRUCTURE

David Panush, Director of External Affairs
ADVISORY GROUP FUNCTION

• To collect California-specific perspectives from key media experts and community stakeholders; Provide advice and recommendations on effective outreach and marketing strategies; Serve as a sounding board to the Covered California Board and staff; And assist in the continual refinement of policies and strategies.
RECOMMENDATIONS

1. **Structure** – Consolidate and integrate the ethnic/community-specific advisory groups under the Marketing, Outreach, and Enrollment Assistance (MOEA) issue-specific advisory group.
   - Establish community-specific advisory groups as “subgroups” of the Marketing, Outreach, and Enrollment Assistance advisory group.
     - Size of subgroups?
     - Should there be subgroups for Latino, African American, and Asian Pacific?
   - Allow for the creation of ad-hoc subgroups.

2. **Membership Size and Composition** – Include individuals with media and outreach expertise, as well as those that represent unique communities.
   - Size of advisory committee? (20, 30, 40?)
   - Balance to reflect California’s geographic, cultural, and ethnic communities
   - Should there be 1 or 2-year terms?
   - What role for organizations that receive funding from Covered California?

3. **Meetings** – Hold meetings *before, during, and after* each Open Enrollment Period (at a minimum).

4. **Chair** – Select a chair to facilitate discussion, coordinate agenda, and liaise with staff.
