BENEFIT DESIGN UPDATES AND CONSUMER CLARITY

JAMES DEBENEDETTI, DEPUTY DIRECTOR
COVERED CALIFORNIA PLAN MANAGEMENT DIVISION
Update: Pharmacy changes to the 2016 Standard Benefit Plan Design

Covered California reassessed the cap dollar amounts on Tier 4 (specialty) drugs and requested data from QHPs on Tier 4 cost and utilization to inform the final recommendation to the Board.

• Covered California will recommend Tier 4 drugs to be capped at a maximum of $250 for Silver, Gold, and Platinum plans and $150 for Silver 87 and Silver 94 plans.

• A lower cap of $250 on all drug tiers in the Bronze plan does not meet the AV requirement. As such, we will be recommending all drug tiers have a member cost share of 100% coinsurance up to a $500 cap.

• Due to operational challenges raised by plans (inability to cap the cost-share for a service with a combined medical and pharmacy deductible), the Bronze plan now has a separate medical and pharmacy deductible.

• The maximum cap applies to a script of up to a 30-day supply.

• A member in a Bronze or Silver plan filling a high-cost drug will spend the pharmacy deductible, then pay a percentage of the cost of the drug up to the cap (maximum possible for a high-cost script).
Premium, Utilization and Cost of Tier 4 Drugs

To help determine the recommendation for the maximum cap to set for Tier 4 drugs, QHPs provided Covered California data related to projected premium impact, prior utilization and cost information. Using the information received, we determined that setting a lower maximum cap is in the best interest of the consumer for the 2016 plan year.

**Premium**
- Estimated range of premium impact in the first year is generally less than 1% for all metal levels
- Projected future 3 year premium impact varied widely by 0%-3%
- There is a high degree of uncertainty with the new introduction and pharmaceutical pricing of specialty drugs which makes projecting future year premium impacts difficult
- The annual evaluation of the pharmacy benefit is necessary to adjust benefits as needed

**Proportion of membership filling Tier 4 scripts, by plan**
- Bronze: 0-2% fill Tier 4 scripts
- Platinum: 5-9% fill Tier 4 scripts
Average number of Tier 4 fills among members filling Tier 4 scripts:
- On average, Bronze members fill fewer Tier 4 scripts than the other tiers.
- Platinum, Gold, and Silver members fill more Tier 4 scripts.
- Silver 94 and 87 members fill the fewest Tier 4 scripts.

Allowed Cost Per Tier 4 Script
- Plans provided utilization of Tier 4 drugs within a specified range of cost (e.g. <$1,000, Between $1,001 and $3,000, and > $3,000)
- There was wide variation by plan with the percent of consumers who utilized Tier 4 drugs within each dollar range
- As a result, Covered California was not able to determine accurately the change in percentage of consumers who would be impacted by a lower versus higher maximum cap
Proposed 2016 Action for Specialty Pharmacy

Implementation of a Maximum Coinsurance for Tier 4 Drugs
Covered California recommends modifying the 2016 Standard Benefit Plan Designs to put a maximum ceiling on the member cost-share for Tier 4 prescription fills.

Changes to the deductible and coinsurance are indicated in red.

- **BRONZE**: Coinsurance up to a maximum of $500 per script* on Tiers 1-4 after deductible
  - Medical Deductible $6,000 / Pharmacy Deductible $500 / Coinsurance 100%
- **SILVER 70 AND 73**: Coinsurance up to a maximum of $250 per script for Tier 4 after deductible
- **SILVER 87 AND 94**: Coinsurance up to a maximum of $150 per script for Tier 4 after deductible
- **GOLD**: Coinsurance up to a maximum of $250 per script for Tier 4
- **PLATINUM**: Coinsurance up to a maximum of $250 per script for Tier 4
- **SHOP SILVER**: Coinsurance up to a maximum of $250 per script for Tier 4 after deductible
  - Medical Deductible $1,500 / Pharmacy Deductible $250

* Up to a 30-day supply per script. This applies to all metal levels.

</tbody>
</table>
Glossary: Deductible and Maximum Out of Pocket

• Current definitions:
  
  o **Deductible**: The amount you owe for health care services your health insurance plan covers before your plan begins to pay. For example, if your deductible is $1,000, your plan won’t pay anything until you have met your deductible for covered health care services. The deductible may not apply to all services.
  
  o **Out of Pocket Limit**: The most you pay during a policy period (usually a year) before your health insurance or plan begins to pay 100 percent of the allowed amount. This limit never includes your premium, balance-billed charges or health care your health insurance plan doesn’t cover. Some health insurance plans don’t count all of your copayments, deductibles, coinsurance payments, out-of-network payments or other expenses toward this limit. In Medicaid and Children’s Health Insurance Program, the limit includes premiums.

• Recommendations:
  
  – Change “Out of Pocket Limit” to “Maximum out of Pocket”
  
  – Proposed definitions:
    
    • **Deductible**: Typically, the amount of money you have to pay for your health care before your health insurance company will pay for the costs.
    
    • **Maximum out of Pocket**: The most money you will pay for your health care over an entire year. This amount includes deductible and costs of all health care.
  
  – Have consistent definitions in all consumer publications*

*Timing of changes will be subject to flexibility of CalHEERS system.
**Bronze Plan Discussion**

**Issue:** In 2016, the Bronze plan MOOP and Deductibles will combine to $6,500 with a 100% coinsurance, meaning the consumer is fully responsible for all health care costs until the MOOP is met*. Covered California would like to message “100%” coinsurance to be clear that members pay the full amount of health care costs until the MOOP is met.

*With the exception of the first three doctor visits

**Considerations**

- **CalHEERS:** Limitations exist on how benefits can be displayed.
  - System for Electronic Rate and Form Filing (SERFF) templates
  - Ability to change hover text in CalHEERS is difficult, but something we are continuing to look into.

- Areas where we have more change flexibility are:
  - Shop and Compare tool
  - Covered California Rate Book

- Other ideas?
Covered California 2015 Health Plan Booklet

Proposed changes to 2016 display:
- Show all pharmacy tiers (not just Generic aka Tier 1)
- Change language on Tier 4 to say “Up to a cap of $xxx”
- Add deductible
- Change language to say Maximum out of Pocket
Covered California 2015 Shop and Compare Tool

Proposed changes to 2016 display:
- Show all pharmacy tiers if possible, and if not possible, show Tier 4
- Change language on Tier 4 to say “Up to a cap of $xxx”

Health Plan Provider Networks: Access & Availability

May 14, 2015

Kacey Kamrin and John Boskovich
Office of Plan Licensing
California Department of Managed Health Care

www.HealthHelp.ca.gov
Network Adequacy

• Types of Network Review
  o New application filings
  o Service Area Expansions
  o Alternate Access Standards
  o Timely Access – Annual Network Assessment (SB 964)
  o Block Transfers
  o 10% Change in Names
  o Medi-Cal Inter Agency Quarterly Network Reviews – conducted on behalf of DHCS, not a KKA required submission
Network Adequacy

• Capacity
  - **Primary Care**: 1 full-time equivalent PCP for every 2,000 enrollees (across all plans)
  - **All Physicians**: 1 full-time equivalent physician (PCP and Specialists) for every 1,200 enrollees (across all plans)
  - **Hospitals**: 80% or greater available bed occupancy rate needs explanation from plan
  - **All other providers**: sufficient to provide timely access.
Network Adequacy

- Geographic Access
  - **PCPs**: 15 miles or 30 minutes from work or home
  - **Hospitals**: 15 miles or 30 minutes from work or home
  - **Specialists**: “Reasonable”
  - **Mental Health**: “Reasonable”
  - **Ancillary**: “Reasonable” distance from PCP
- Alternate Access for PCPs and Hospitals can be requested, pursuant to Rule 1300.67.2.1.
Network Adequacy

• Timely Access
  o **Primary Care**: 10 days (48 or 96 hours for urgent care)
  o **Specialty Care**: 15 days (48 or 96 hours for urgent care)
  o **Mental Health**: 15 days for non-urgent psychiatrist, 10 days for non-urgent non-physician mental health provider (48 or 96 hours for urgent care)
  o **Ancillary**: 15 days for non-urgent appointment with ancillary providers for treatment/diagnosis

www.HealthHelp.ca.gov
Network Adequacy

• Qualified Health Plan Review
  o Initial product application – existing vs. new network
  o 2015 Recertifications – full re-review of all networks
  o 2016 Recertifications – 10% change, adds/terms, full network review if \( \geq 10\% \) change in names

Rural Access Discussion

Recap from April 9th Meeting: Possible Solutions to Address Network Adequacy

Easy
• Update Directories
• Use of Social Networking to Promote Covered CA
• More Marketing of Silver Plan
• Promote local collaboration between health plans and providers

Not so Easy
• Align Covered CA and Medi-Cal Standards for Rural Networks
• Change the Model
• Reimbursement
• Pay for Performance
2016 CONTRACT UPDATE

BECKY THOMAS
MANAGER, CONTRACTS AND PLAN MANAGEMENT
COVERED CALIFORNIA PLAN MANAGEMENT DIVISION
2016 Contract - Reorganize and Restructure

Reorganize and Restructure in order to:

• *Allow provisions to be more readable and accessible*

• *Make necessary updates, limit substantive changes to those related to Covered CA policy, state and federal laws, requirements and clarifications*

• *Change contract metrics to match data and reporting requirement of the Enterprise Analytics System (EAS)*

• *Identify changes/improvements to be included in 2017 contract*

• *Finalize a revised 2016 contract by July 2015*
