Consumer Reports Places Covered California on Its “Nice” List For Making It Easy for Consumers to Understand Health Insurance Options

Consumer Reports today lauded Covered California for making it easier for consumers to shop for health insurance, listing the exchange with 10 other entities nationwide recognized for consumer-friendly policies and practices.

Consumer Reports said Covered California earned its way on the “nice” column of its annual “Naughty & Nice” list because its standardized benefits had “eliminated much of the confusion” for consumers buying health insurance.

White House “Healthy Communities Challenge”

On November 6, 2015, the White House launched the “Healthy Communities Challenge” to engage key communities with large numbers or high percentages of uninsured in states across the country where strong federal, state and community collaboration can have a meaningful impact on reaching the uninsured. Through this challenge, the White House is calling on community leadership to

RENEWAL

Tax Attestation Notice to be Mailed This Week

This week, Covered California will begin mailing notices to Covered California members that are at risk of losing their Advance Premium Tax Credit (APTC) and/or cost-sharing reductions for health insurance coverage in 2016.

A member’s financial assistance may end because of one or more of the following reasons:

• The member’s Consent for Verification, which allow Covered California to use computer sources to check income and family size, including information from tax returns, has expired.
• The members may not have filed a 2014 federal income tax return for their household to reconcile the financial assistance they used in 2014 to lower plan premium costs during 2014.
• The member’s household income may be too high to qualify for APTC this year.

Without taking action now, these members may lose their premium assistance including their federal tax credit and/or cost-sharing reductions (lower copayments, coinsurance and deductibles).

Please note: Per law and regulations, you cannot initiate conversations regarding whether or not the consumer is a non-tax filer. Do not provide any tax filing advice under any circumstance or answer any tax filing questions – refer them to contact the main

**Automatic Renewals Began November 12**

From November 12 through mid-December, Covered California members will automatically renew into coverage. Help members in your book of business make any updates or changes so they are reflected on their 2016 renewal application.

Please note: Due to the high volume of renewals, members will automatically be renewed a few days earlier than what was indicated on their 2016 Covered California Renewal Notice (CalNOD12). An example of the CalNOD12 notice can be found [here](#).

Ensure that members in your book of business update their Consent for Verification so that they can renew for coverage with Advanced Premium Tax Credit (APTC).

For an overview of the renewal process check out our one-page Renewal Quick Guide found in our 2015-2016 Renewal Toolkit.

**Qualifying Changes in 2015**

If you have completed a renewal for a Covered California member into a different health insurance company for 2016, you’ll need to contact the CEC/PBE Help Line to report any changes to the consumer's 2015 coverage.

Contact the CEC/PBE Help Line at (855) 324-3147 to report these changes.
PARTNER RESOURCES

2016 Subsidy-Eligible Maps

Covered California first announced the Subsidy-Eligible Maps project during the 2015 Regional Campaign where we engaged with Certified Enrollers and community leaders statewide to share new and existing tools and resources in preparation for the third Open Enrollment Period.

The Subsidy-Eligible Geographic Information System (GIS) Maps are now available! These maps identify targeted areas of remaining uninsured or privately insured consumers, representing Covered California subsidy-eligible target populations.

In addition, the maps identify locations of Community Partner Storefronts and Covered California Agents, Navigator Grant Program Entities, Certified Application Entities, Certified Insurance Agents, and Community Outreach Network Partners.

Why use the GIS Subsidy-Eligible Maps?

- Understand where the remaining uninsured subsidy-eligible consumers are located in your region.
- Help you plan and strategize your outreach, education, and enrollment efforts.
- Support the communities that need your in-person assistance the most.
- Collaborate with other partners to make a big difference by enrolling uninsured consumers in your community.

For any questions regarding the toolkit or new subsidy-eligible maps, please contact OutreachandSales@covered.ca.gov.
Last month, we launched our "Spotlight on Coverage" campaign highlighting the important efforts of our Certified Enrollment Partners who are working to get Californians covered every day. As a part of this campaign, Covered California is now offering a new "Spotlight in a Box" for Community Partners. The box includes a miniature spotlight that can be used to project the Covered California "Enroll Now" logo in both indoor and outdoor spaces. This local spotlighting together with the recent iconic building lightings and recent bus tour creates a visible reminder about Open Enrollment and the importance of getting covered. To purchase a mini-spotlight today Certified Application Entities contact your local field representative and Navigator Grantees contact your Navigator Grant Program Manager.
Free Posters and Lawn Signs

Our free posters and lawn signs are a great way to let the local community and consumers know that Open Enrollment is underway and that Community Partners are available to help them enroll in a Covered California health plan.

The posters include space for Partners to include contact information at the bottom so they can be handed out in the local community and used to generate leads.

The lawn signs are available in English and Spanish and feature the Covered California logo prominently so consumers can quickly identify Community Partners and get their enrollment questions answered. Partners can also add arrows to the lawn signs and use them as directional signs for office or enrollment events.

Put the posters and/or lawn signs on display at your storefront, office, and enrollment events to identify yourself as a health insurance resource. To access both today Certified Application Entities contact your local field representative and Navigator Grantees contact your Navigator Grant Program Manager.
